

Jason Leaver creator/writer/director

Jason Leaver is the creator of the internationally acclaimed indie series *Out With Dad*; twice nominated for the Canadian Screen Awards, a 2015 recipient of a Writers Guild of Canada Screenwriting Award and one of the most viewed webseries ever produced in Canada. This heart-warming show has changed the lives of countless youth and their family & friends around the globe. The CBC calls Jason, "a poster boy for web series creators everywhere". His varied projects have been recognized for writing, direction, acting and technical merits including music, by the Independent Series Awards, Marseille Web Fest, Toronto's One Minute Film Festival, The Webby Awards and more.

His passion for community building, sharing knowledge and encouraging new storytellers lead him to be a founding member of the Independent Web Creators of Canada. Currently, he's developing for television, web, podcast and VR projects. Jason's 'day job' is producing corporate videos, with a focus on post-production.

Mobius (2009)

JLeaver Presentations

Creator, co-writer, director, producer, cinematographer, editor, visual effects artist of this immersive video installation accepted as a part of the City of Toronto's Scotiabank Nuit Blanche art festival. A short film shown on four screens arranged in a cube. Audiences, viewing from within, watch the looping film unfold. Each screen's playback is delayed by 25% as the one next to it. The story temporally interacts with itself screen to screen. Recently, Mobius has been redeveloped for VR.
